

Ecoprogresso/Luso Carbon Fund is looking for a CDM project consultant to join our China team based in Beijing. The project consultant will have both administrative and technical advisory responsibility for our projects in diverse portfolio in China, assisting with our team to implement all necessary steps for project's successful registration.

The role involves close collaboration with our client base, as well as maintaining good client relationships and furthering business development, and close team-working with our implementing partners.

**Requirements:**

The project consultant should have practical experience in implementing and managing projects in China in energy, environment or industrial sectors, particular understanding of, and involvement in climate change policy and the carbon market. Experience for assisting project developers through the CDM cycle and developing PDDs and methodologies revision and deviation are preferred.

A master degree in environmental, energy sciences/ engineering or a relevant area is a requirement, together with at least 3 years of relevant working experience; excellent communication and influencing skills in spoken and written English and Mandarin; computer literate in Microsoft office packages (MS Word, Excel, PowerPoint, Outlook express); availability to travel within China and between China and Europe.

Ecoprogresso/Luso Carbon Fund is an equal opportunities employer, and selection is on merit. If you are interested in and committed to the GHG emission reduction, please submit your CV to Mr. Renato Roldao through [rroldao@ecoprogresso.pt](mailto:rroldao@ecoprogresso.pt)

The closing date for applications is 8<sup>th</sup> of December 2008.
